RE: Underground Utilities Hillcrest Bay

We are against this project as prices are excessive, all lots have 1 service & these Prices vary from \$5,000.00 to over \$30,000.00 per service. All services should be one price to property line. Hillcrest CCAR: states that each lot has one vote. On this issue we have 2 votes not 3.5; the number of lots we own. These power poles & lines were here when we bought & when everyone else bought. There a lot of people on fixed incomes & low incomes, which would make it unaffordable for them to live here, & they are full time resident's. If they try to sell their homes they will have the added expense of the utilities charge to deal with. We think that they (the people that are for this) have shoved this down everyone's throat. If these people didn't like the power poles & lines why didn't they buy elsewhere, & leave everyone to their own . There are a lot of the yes people that are here just for weekend fun & summer on the water, not there prime residence. As we said before it would create financial difficulties for a lot of people that live here permanently.
